EXAMINER'S AMENDMENT

An extension of time under 37 CFR 1.136(a) is required in order to make an examiner's amendment which places this application in condition for allowance. During a telephone conversation conducted on 2/9/2006, Mr. Timothy Conrad requested an extension of time for 1 MONTH(S) and authorized the Director to charge Deposit Account No. 13-2725 the required fee of \$285.00 for this extension and authorized the following examiner's amendment. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the amendment to the specification filed 1/23/2006, page 2, the replacement paragraph for page 14 line 8, in the last line of the new paragraph --coating 20'— has been inserted following "PTFE".

The following changes to the drawings have been approved by the examiner and agreed upon by applicant: a lead line pointing to the fibers and labeled 20' will be added to show the fibers are coated as previously described in the specification. In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.

The following is an examiner's statement of reasons for allowance: the prior art does not teach or fairly suggest a jacket as claimed is formed from a plurality of flexible elongate members having an anti-fibrosis coating and an open apex (claim 24), a jacket as claimed is formed from interwoven strands formed of a plurality of fibers including an anti-fibrosis coating (claim 25); a jacket as claimed is formed from a plurality of flexible elongate metal members having an anti-fibrosis coating (claim 26).

Information Disclosure Statement

An initialed copy of the IDS filed 3/26/2004 has been included.

Conclusion

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
